## Process Discovery version 1.69.0 Release Notes

Review the new features and fixes available in this release.

Release Date: 23-May-2023

For information related to features and fixes in previous Process Discovery releases, see the PDFs for these releases: [Process Discovery documentation \(release versions\)](#).

### What's new

#### Improvements to active tab detection

Process Discovery implemented an improved object detection algorithm to identify and extract the name of the active tab in an application with greater accuracy.
